

TAPENDIUM

Content Modules

What are Content Modules?

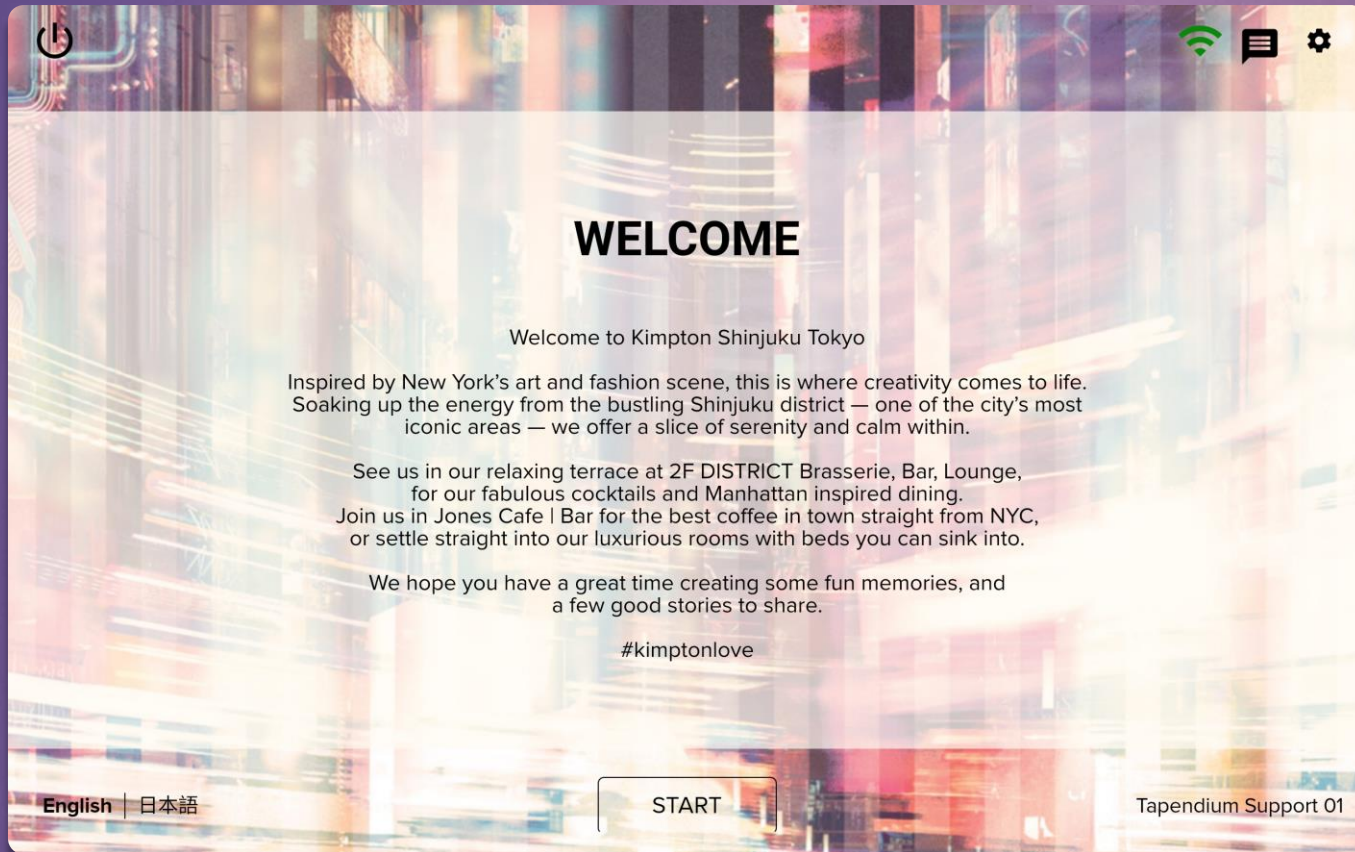

Content Modules are the building blocks of the Tapendium Content Management System (CMS).

We use these modules to display the information and images to your guests.

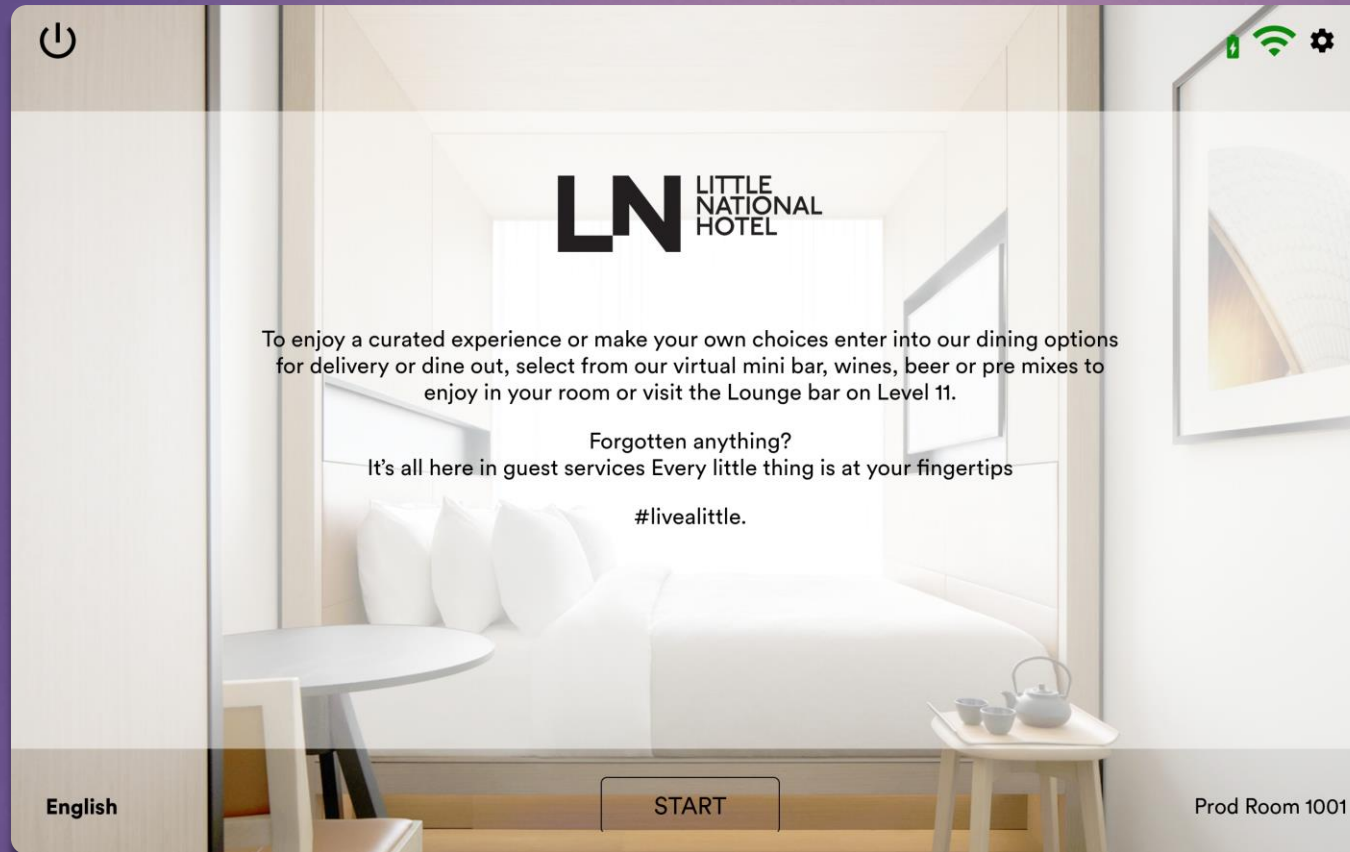

Your own imagery and text, combined with our module templates, make the Tapendium solution unique to your establishment.

Welcome Page

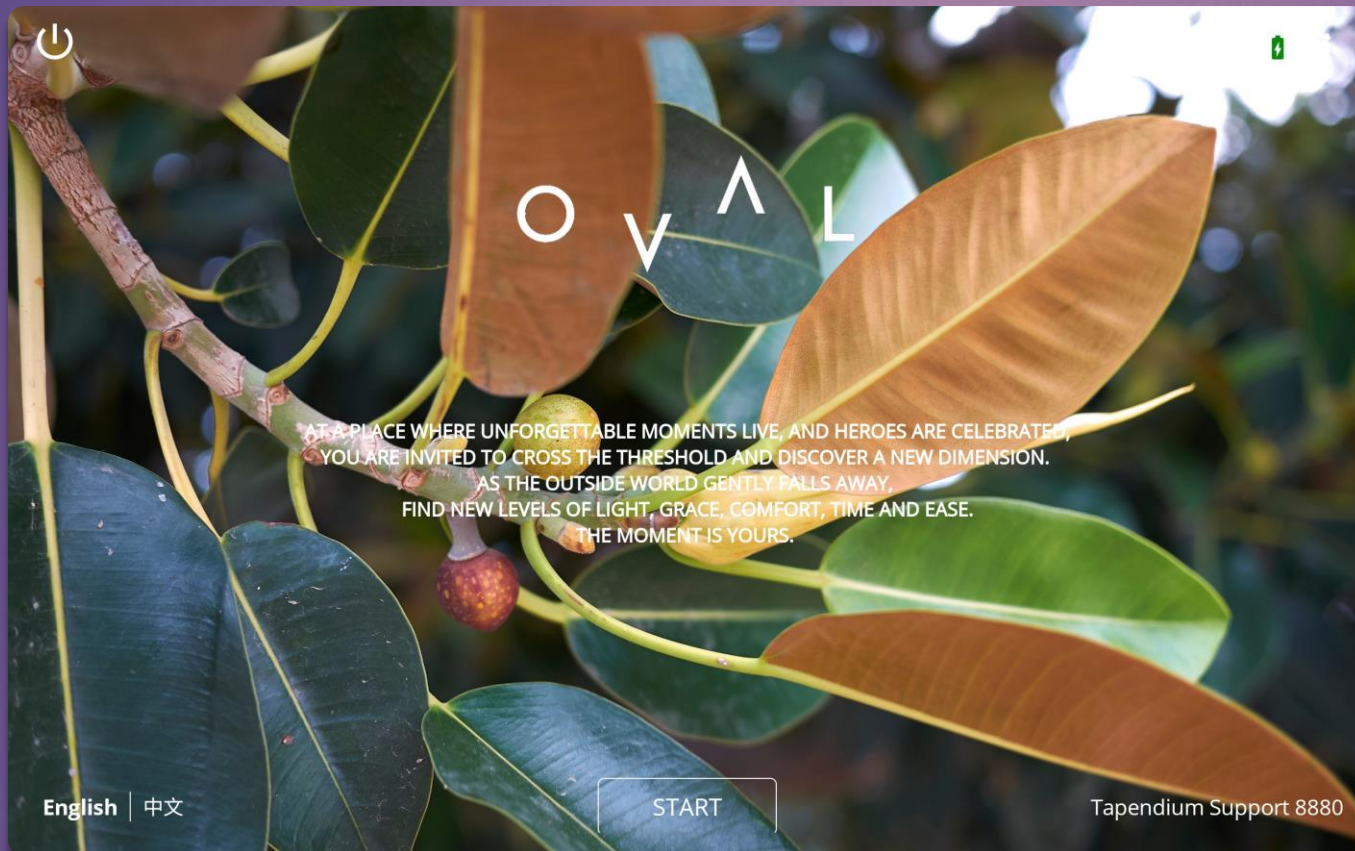

- ▶ The Welcome page is optional
- ▶ This is an opportunity to further welcome your guest through a custom welcome message
- ▶ Customisable through the imagery and text provided

Example Welcome Page

STAY WELL

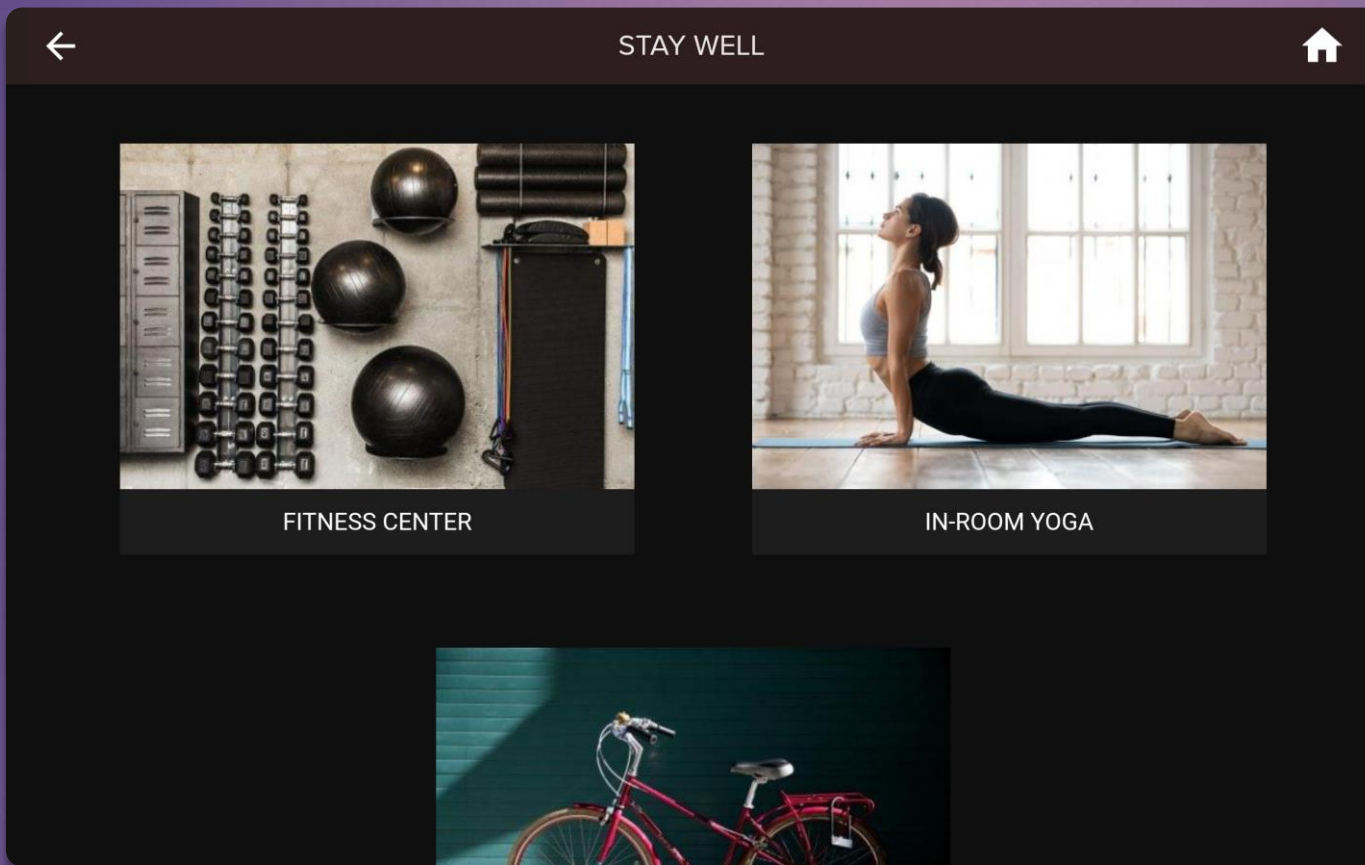

FITNESS CENTER

Stay in balance on the go with a visit to Kimpton Shinjuku Tokyo's fitness center, with a Residential Trainer available on selected days. It's open 24 hours, so no matter what time of day you like to get your cardio or weights in, you'll have the chance to get your workout on (if you're jet-lagged and wander in at 3 a.m., we'll understand!).

SOCIAL HOUR

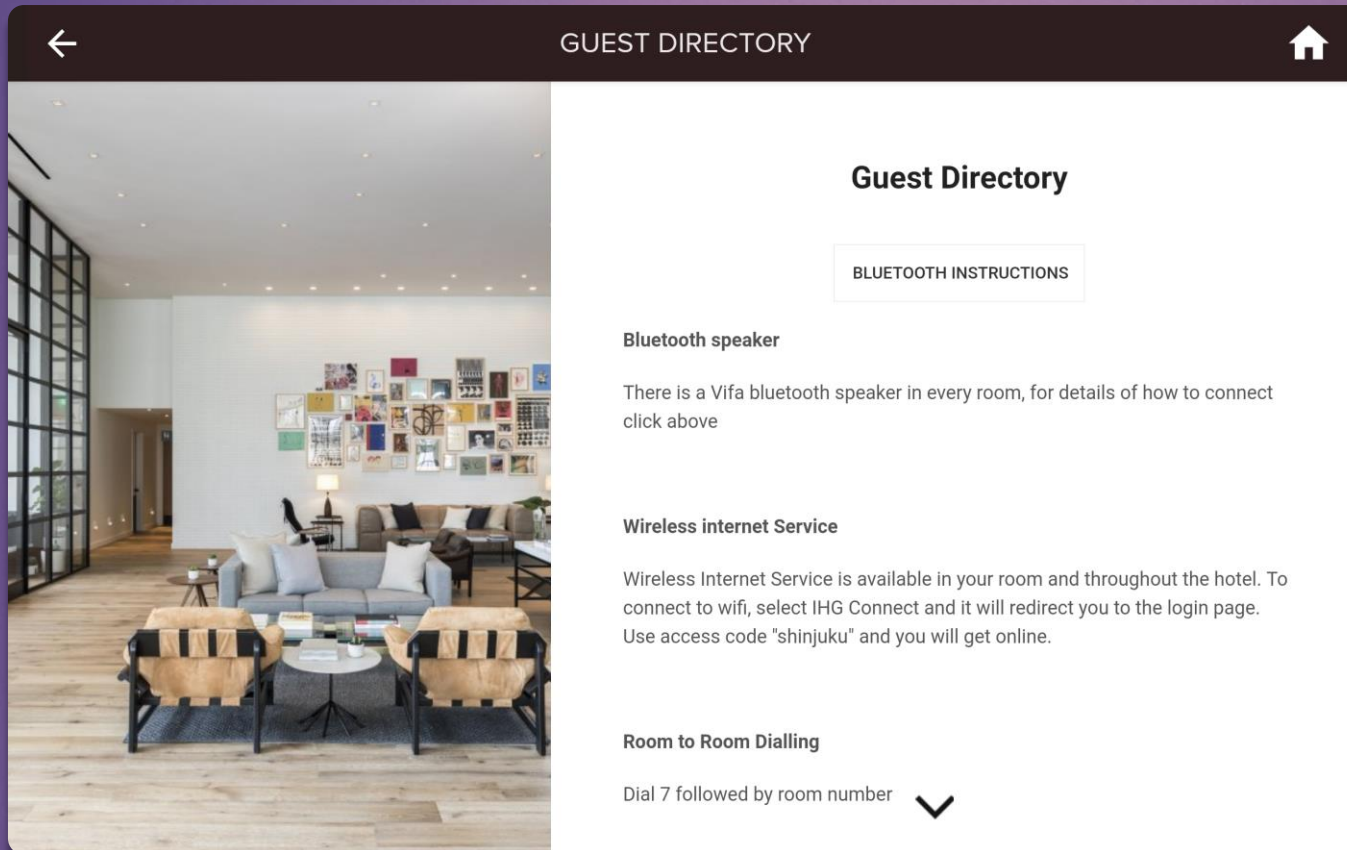

Social Hour

Kimpton became the first hotel company to offer a hosted nightly social hour with the opening of our first hotel in San Francisco back in 1981. Bill Kimpton, our founder, wanted a gathering place for guests to feel a sense of community and inclusion, and relax at the end of the day.

Unwind, sip and savor select wines or cocktails during our nightly hosted social hour, available daily from 5pm to 6pm.
